Create an Azure AI Foundry resource

✅ Basics   ✅ Network   ③ **Identity**   ④ Encryption   ⑤ Tags   ⑥ Review + submit

Identity type *

     ⦿ System assigned
     ◯ User assigned

ℹ️ We'll grant your user identity the **Azure AI User** role so you can develop with all projects under this resource.
To enable other users to use this project:
• Assign **Azure AI User** to develop with projects.
• Assign **Azure AI Project Manager** to develop and manage project settings.
